Congratulations!

Central Body Service, Inc.

Congratulations to David Eaton, John Eaton, Jr. and Pauline Eaton, on the recent expansion of their family-owned and operated business.

Their second location is on Richmond Street in Mt. Vernon (former Rite-Aid Building), and has been totally remodeled to meet Central Body's ever-growing needs.

Besides auto body work, the Eatons specialize in alignment, vehicle painting and all size wrecker service, from tractor and trailers to compact cars.

With the addition of the second location, Central Body will be able to better serve their customers with the same great service and craftsmanship they have been known for since Central Body was opened in Mt. Vernon in 1966.
