

ROCKCASTLE COUNTY HAS 222 MILES OF GRAVEL ROADS.

*That's 44% of
our county's roads!*

**Governor Paul Patton's
Roads For The 21st Century
plan will change that.**

Rockcastle County
will get **\$376,880**
a year to pave our
gravel roads under
the Governor's plan.
If we start today,
we can finish the
job in 20 years.

Call your state senator
and representative at
1-800-372-7181 today.
Ask them to support
Governor Patton's
program to move
Kentucky into the
21st century.

*The future of our county's
roads depends on it.*
