"Lady Rockets"

(Cont. from A8)

to-lose defense of her Tiger counterpart, Kristie Asher, who Reynolds held to only 8 points in the contest. "However, after shooting a very high percentage in the first half, the Rockets cooled off too much in the locker room."

It was 6:30 in the third quarter, before Roberts finally got the first field goal for her team, a three point basket, and it was three minutes before junior Rachelle Hammond managed the next goal. Hammond got the only other bucket for the Lady Rockets in the third quarter, while the Tigers were putting 14 points on the board for a 46-44 third quarter lead.

It was 50-44 in the fourth when Rickels canned her third three point basket of the game to bring her team to within 3 but that was as close as they would get in the game before Clay slowly lengthened their lead.

Several factors contributed to the Lady Rockets loss. Near the end of the third quarter, with the Tigers up 46-44, they went into a stall for the last shot. With the clock under 10 seconds, Asher tried to hit a teammate under the basket but Roberts and Denney were there to break up the play and, in the process, Denney came up with the ball. She was literally mugged and, after having to lie on the floor for several minutes, was unable to return to action in the fourth quarter - a jump ball was called on the contact.

Another factor was that the Rockets never got into bonus in the second half. Cobb was the first Rocket to shoot a free throw with less than 30 seconds to go in the game. Rickels was fouled on a three point attempt with 5 seconds left and that was the extent of the Rockets charity stripe trips. However, the Lady Tigers were in bonus in the third quarter and went 12 for 16 in the second half. For the game, the Rockets were 10-13 in free throws and Clay was 17-24.

In scoring, the Rockets were led by Roberts with 19; Rickels got 15; Hammond 17; Denney 6 and Reynolds and Cobb had 5 each.

"Rockets"

(Cont. from A8)

Cash scored quickly, but the Rockets had to begin fouling to stop the clock. Corbin connected on the second free throw only, and Cash again scored quickly to bring the Rockets within one, 51-50.

The Redheads managed to tie the line again with 32 seconds to go, connecting on both free throws.

Brown scored for the Rockets, and after a Rocket timeout, the Redheads went to the line with 11 seconds to go and connected on one to go up three, 55-52.

Rockette forced the shot with four seconds to go but couldn't connect to the game, ending their season with a close one, 56-52.

Rockette placed runner-up in the 49th District Tournament for the third year in a row, losing to Clay County 64-55.

Rockette saw a poor shooting night, only scoring 6 points in the first quarter to Clay County's 11.

The Rockets had a better showing the second quarter, scoring 12 behind three's by Cash and Nick Leger. Rockette went into the locker room at halftime down five, 23-18.

Clay County extended their lead to 31 in the end of the third quarter, 40-11.

Four three's in the fourth quarter was not enough for the Rockets as

the Tigers maintained their nine point lead for the 64-55 victory.

The highlight of the district tournament came in the opening game against Jackson County, where the Rockets once again reached the century mark, defeating the Generals 100-87.

Rockette had a hot shooting night, with the seniors Cash, Brown and Leger combining for twenty five points in the first quarter. The Rockets led 29-23 at the break.

The second quarter was much the same as the first, as Cash, Brown and Leger scored 10, 4, and 10 respectively, with Andrew Hammond adding another basket to put the Rockets up 14 at the end of the half, 55-41.

Rockette cooled down somewhat in the third, only scoring 10 points, but holding Jackson County to 10 points also. The Rockets maintained their 14 point lead at the end of the third, 65-51.

Jackson County head coach Keith Hayes received two technical fouls in the fourth quarter and was ejected, helping send the Rockets to the free throw line a record 33 times in the fourth.

Rockette connected on 25 of those free throws to gain the 100-87 win.

Riding of Freight Trains

The riding of freight trains between this point and Rowland has done no little worry to the railroad every day and every night. But since the railroad has exerted almost every effort possible, it begins to look like the stopping point will only come when the last saloon in Rowland has done its do. There is entirely too much of this and it is not being practiced by some who would be least expected.
