

Mt. Vernon Message

For the week of April 13, 2000. Welcome back from Spring Break. This week students are working hard preparing for next week's assessment. Monday, April 17, is the beginning of the testing window for Primary 3, 4th and 5th grade students. Testing will resume until Friday, April 28. Parents, please encourage your child during this time. See below for some parent tips for testing.

Each twelve weeks we recognize students during an awards program. Below is a list of students, Entry-5th grade, who earned awards for Academic Excellence, Principal's List and Honor Roll.

Family Resource Center is sponsoring another art night on Monday, April 17. This art night is for Entry Level and Primary One students and families. It begins at 6:00.

There will be no ESS for the remainder of the school year. Thought for the week: A diamond is a chunk of coal that made good under pressure.

Tips for Parents 2000 Spring Assessment April 17-28

1. Help your child feel confident about taking the test. Explain that this is in your child's ability to do well.

2. Have a relaxed environment. Avoid any activities and conversations that may arouse anxiety, confidence or unpleasantness.

3. Try to avoid applying disciplinary measures to any member of the family on the evening before the test.

4. Have your child go to bed early enough to get plenty of rest.

5. Set the clock to alarm a little time early in order to allow your child time to eat and dress without rushing.

6. See that the clothes that your child likes and feels comfortable in are laid out so that no frantic searches are avoided.

7. Be sure that paper, pencils and other needed school materials are together and located where they will not be forgotten in the morning.

8. You may want to talk briefly about the test in an encouraging way. Let your child know that your understanding how difficult tests are, but you are confident in his/her ability to do well. Emphasize that tests result help in planning the child's instructional program.

9. Ask your child to do as well as he/she can. Think of something that would be very pleasing to your child any day that this will be the reward following the test.

10. Let all conversation about testing be casual and brief.

11. Prepare a good breakfast for your child, but not a heavy one.

12. Be sure that your child is not late for school.

13. The test is constructed to be given in a group setting. Children seldom do as well when given the test individually. Therefore, it is very important that your child be in school Monday to start the test and finish with the other students. **PLEASE MAKE ATTENDANCE A PRIORITY!**
