Drifter or Seeker?
Flocks are being fed the opinions of men. This diet does not satisfy because men instinctively listen for a voice that will speak to them with authority in matters of religion and for this reason, some have drifted away from the church entirely. Others seek churches where this voice is

still heard.
We have experienced the authoritative preaching of FPC (Free Presbyterian Church) in Pennsylvania and South Carolina obviously not driving distance so would like to establish one here in Kentucky. Free sample of their messages are available by calling me at 758-4544 or try <http://www.freepres.org>
