Smith named U.S. National Award winner in Math

The United States Achievement Academy announced today that Shawneetha N. Smith of Mt. Vernon has been named a United States National Award Winner in Mathematics.

This award is a prestigious honor very few students can ever hope to attain. In fact, the Academy recognizes fewer than 10% of all American high school students.

Shawneetha, who attends Rockcastle County Middle School, was nominated for this national award by Mrs. Davis, a teacher at the school.

Shawneetha will appear in the United States Achievement Academy Official Yearbook, which is published nationally.

"Recognizing and supporting our youth is more important than ever before in America's history. Certainly, United States Achievement Academy winners should be congratulated and appreciated for their dedication to excellence and achievement," said Dr. George Stevens, Executive Director of the United States Achievement Academy.

The Academy selects USAA winners upon the exclusion recommendation of teachers, coaches, counselors, and other qualified sponsors and upon the Standards of Selection set forth by the Academy. The criteria for selection are a student's academic performance, interest and aptitude, leadership qualities, responsibility, enthusiasm, motivation to learn and improve, citizenship, attitude and cooperative spirit, dependability and recommendation from a teacher or director.

Shawneetha is the daughter of Roger and Margie Smith and the granddaughter of Mr. and Mrs. James Smith, Jr., all of Mt. Vernon and Darlene Rader of Connersville, Indiana and Darlene Hicks of East Bernstadt.
