Billy Ray Cyrus' connection with its audience is deep and profound. The Flatwoods, Kentucky native Mass given of himself consistently and unselfishly, his devotion to the public is legendary and, even by country music standards, the amount of charity work he does is staggering. Cyrus is an instant hit with children in particular and, as a result, has held scores of dying, crippted and infirm little ones in his arms. His big heart has ached more times than he can count. "If try to put on a real heart has ached more times than he can count. "It try to put on a real strong face for the kids. The hardest part is when they turn to leave and they go one way and I go another. It is emotionally draining; you just feel weak and sad. But I've tried to make sure that I live up to my end of the deal with God.

My dream was to be a successful singer, songwriter and entertainer. I prayed that my music would be heard around the world and that God would give me the vision to use my music to do good things. So I am going to see as many of these children as I can," he said. Renfro Valley Entrainment Cen-
