Rockeastle County tobacco quota owners and tobacco growers are benefiting from three additional tobacco check this year. The first check was a Tobacco Loss which farmers received lass Which farmers received lass Which farmers received lass Which farmers received lass Ortop history and netted local growers approximately \$950,000. The second check was also a TLAP payment, based on the 2000 TAP payment p

million dollars, you can see the good news is nearly three times more net profit. Now, the bad news is, with no expenses against the additional 3

million net farm income, some farmers may find themselves returning part of their payment as taxes. With this in mind, farmers are encouraged to set down with tax planners now. With less than 60 days remaining in 2000, farmers are limited on time to put their plans in action.

limited on time to plut their plans in action.

One additional tiem of good news is that Kentucky will not tax any of these payments. Senate Bill 247 enacted by the 1998 General Assembly, provided that amounts received by a tobaceo producer or quota owner from TLAP payments on a national settlement agreement between the tobacco industry and the control of the settlement of the settlement

If a farmer had \$30,000 kentucky axable income (after deductions) and \$10,000 of this was Phase II or TLAP money, he would save \$600 dollars in Kentucky income tax by not having these payments taxed. Kentucky is at a 6% rate. Keep in mind that the federal rates are much higher and all payments are taxable income on federal forms.

Sales and **Buying Tips** 

By: Hazel Jackson County Extension Agent for amily and Consumer Science

For many shoppers, the word "sale" is nagical. They think of loss of great bargains' Sales seem to popup anytime and anywhere. Shoppers need to be sure they are really getting a good deal.

Be careful before buying. "Shop around. What's on sale in one store might be cheaper at regular price in another store. "In the cheaper at regular price in another store, in the sale with and then marked down."

There may be more than one price on the tag. Be sure the price has really been lowered from its normal selling - price, not from the manufacturers's suggested retail price.

Layaway plans.
You might find something on sale that you really need. Layaway can be a handy way to pay for it. You can afford to buy the tent if you might have been so that you have to be a handy way to pay for it. You can afford to buy the tent if you have you buy, find out how layaway works at that store. Some things to look out for are:
"What happens if you cancel the purchase? How much money, if any, do you get back?
"How often do you have to make payments? How much do you have to pay, and where do you pay?
"What happens if you miss a payment or are late?
"Does the store charge anything to put items in layaway? Be sure to

pot items in layaway? Be sure to think about that cost when comparing prices at different stores. \*Look at the total cost of the item, not just what each payment will be. For more information call the Extension Office at 256-2403.

## ELECT MIKE DUNCAN

Circuit Judge, Division III

"Seventeen Years Experience as Lawyer and Prosecutor"

Dear Rockcastle Countians,

November 7th, is election day and your vote will determine who becomes Circuit Judge of the new Division III, for Rockcastle, Pulaski, and Lincoln Counties.

I've enjoyed traveling throughout Rockcastle County and I believe I now understand why Rockcastle County has such a wonderful community spirit.

Thank you for the many kindnesses you have shown to me and my family.

I again ask for your vote and remind you that because judicial races are balloted as non-partisan, all registered voters, regardless of their party, are entitled to vote in my race. A straight party ticket vote, however, misses my election.

Vote a straight party ticket if you so choose, but also look for my name, Mike Duncan, as it appears on your ballot for Circuit Judge, Division III, and push the button next to it. Mike Duncan
