Winter Reminder

1. **PLEASE** protect your lines from freezing by making sure they are buried deep enough and by installing electric heat tape on any exposed line especially below mobile homes. A frozen pipe will rupture causing you very high water bills as well as draining your water system.
2. Somehow mark or flag your meter for the annual meter reading. The meter reader must be able to find your meter quickly.
3. **REPORT** any water leaks that you see immediately, to 256-5480.

Your participation and cooperation will help our Association be more effective for all our customers. Thank You.

A BOIL WATER ADVISORY is in effect for some of the customers of Rockcastle Water Association.

Updated: November 28, 2000

Location: ALL SIDE ROADS off of these roads: #1912, #2614, and #1955 which includes the following: Louie Northern, Robinson, Rice Hill, J.B. Sexton, Brushey Ridge, Hickory Flat, Road #1797, Carpenter, Drew Valley Lane, Murphy Martin, Charlie Smith, Ernest Smith, Gilbert Shepherd, Ponder, Simon Hill, Singleton, #1004 West, Pine Branch, #490, Waddle, Lamero, Parker Holler, Upper Piney Branch, Bud Clark Ridge, and William Bowman. South of Red Hill Baptist Church all customers on Road #1955 as well as all side roads.

This advisory has been issued due to water shortage resulting from drought conditions at the source in Jackson County and low volume usage in the affected area. Lines cannot be adequately flushed to maintain adequate level of chlorine.

Following such a condition, the potential exists for bacteriological contamination of the water supply. Therefore this boil water advisory has been issued as a precautionary measure.

Until further notice, boil all water used for drinking and cooking by bringing the water to a rolling boil for three minutes before using.

The advisory will remain in effect until the situation has been corrected and test results have shown the water to be of acceptable quality. Consumers should flush their own plumbing when water supply is normalized.

For more information concerning BOIL WATER ADVISORY contact Jo Cook at Rockcastle Water Association, Phone 256-5480.

Respectfully submitted by,

Randal E. Corry
