Happy Birthday

This is no joke! Geraldine has turned 55. The 14th was her day so let's wish her a happy birthday. She is the little lady who lived in a shoe. She raised her four children. Now what is there for her to do? One daughter who stays on-line. One who worries about every dime. One who plays house next door to mom. You know that they all love you and you love them too. They know there will be no other. There's a lot of stuff they shouldn't have done. But they are learning as time has gone. So don't blame yourself for all the wrongs. Cause your words of wisdom will go on and on. They just want you to know how much they love you. And they never want to see you blue. This was written by your oldest. And I thought of the two who's far away and the one who's the closest.

Happy 12th Birthday Ashley Stewart Mommy & Daddy Love You & We're Proud of You!

Happy 17th Birthday March 15th Jamie once was a little boy Who liked to play with toys. Now he has 4-wheelers on the brain And at times that's a big pain. He had a job and wouldn't keep it. Bought a lizard and expects everyone to feed it. We wonder what will become of him He checks around like a little lost hen. He didn't like it so he quit school!

Everybody knows that's not cool. The girl has started to call. If they knew what I do they'd go to the mall. He's too young to settle down So you girls stop calling and stay in town. Your dad says your too young to be a man and to old to be a kid. But we still love you.

While other banks are going through changes that involve more than just updating their technology, we have stayed the same in all the areas where it counts: attentive, personal service, great financial products, and we are still locally owned and operated - and we are still sailing under the same name we started with in 1904: Citizens Bank.

Citizens Bank welcomes new customers:

- Open a savings account with a \$1000 deposit or purchase a CD worth at least \$1,000 and receive a safe deposit box free for a year.
