"Family Room"

(Cont. from A8)

None of these people set out to feel worse, but the actions they took brought only short-term relief. In the long run they felt worse than before. Most of us have "been there, done that." We know how they felt. The moral of these stories is "look before you leap." Consider the possible consequences of your actions in order that you do not end up feeling worse than you already do.

MIDWAY FURNITURE
