many people to forget about donating and the need for blood. Also, warm weather means more outdoor activities and traveling, which leads to a greater number of accidents. Therefore, less blood is available while more blood is needed.

How can we fight this potentially dangerous situation? The solution begins with blood drives, like the one in Rockcastle County. Rockcastle Hospital will sponsor the next county blood drive Monday, July 23rd from 1 to 5 p.m. Donors are needed at this drive to help fight summer shortages and to help patients in Rockcastle Hospital. Anyone who is in general good health, is 17 years of age or older and weighs at least 100 pounds is eligible to donate. Donating only takes a few minutes and can mean a lifetime to someone in need.

Please fight summer shortages before they start. Donate blood on Monday, July 23rd at Rockcastle Hospital. Community welcome. For more information contact Loretta Robinson at (606) 679-7413.

the cost of the transplant is still an obstacle, but the family hasn't given up hope by far.

Becky Smith is very candid about the way she feels about the insurance company who is not willing to pay for a surgery that will save her Uncle's life.

"He certainly could not help the fact that he contracted Hepatitis and the reason you carry health insurance is because of situations like this," Smith said.

A benefit account has been set up in War's name at Fifth Third Bank.

If you would like to donate to the cost of the surgery you can send your donation to Don War's Benefit Account, C/O Fifth Third Bank, 7771 Five Mile Road, Cincinnati Ohio 45230.
