Get a mammogram now so you'll be around to take care of your family later.

If you're like most women, you spend your time taking care of others and disregarding your own needs. It's time to do something for yourself.

More than 40,000 women die of breast cancer annually. Many could have been saved if the disease had been discovered sooner. In fact, there is a 97 percent survival rate when breast cancer is diagnosed in its early stages.

Throughout October, Rockcastle Hospital and Respiratory Care Center, Inc. is offering mammograms at a reduced cost in conjunction with National Breast Cancer Awareness Month.

Do something for yourself for a change. Get a mammogram. It's only \$65, and it could save your life.
