Dear Editor,
The entire month of April has been named National Donate Life Month and, here in Kentucky, the fourth week of April has been declared Organ Donor Awareness Week.

As you, and many of your readers, may be aware, the Kentucky Circuit Clerk's Trust For Life has been promoting organ and tissue donations in the Commonwealth since 1992. Currently, more than 750 Kentuckians are on waiting lists for life-saving organ transplants and many more are waiting for tissue and eye donations that will change their lives. Too many will never receive those transplants because not enough people are willing to donate after death.

We encourage everyone to learn the facts about organ and tissue donation, and to sign the back of their driver's license and/or organ donor card. But, the most important thing they can do is to talk to their families about their decision.

For more information about organ donation, I suggest you visit our organization's web site at www.trustforlife.org or call toll free 866-945-LIFE to receive information in the mail.

Thank you, "Be an Angel. Be a Kentucky Organ Donor."
Teresa Vanzant, Clerk
Rockcastle Circuit Court
