Crab Orchard man killed in two-car wreck

An early morning two-car accident Sunday was fatal to a 19-year-old Crab Orchard man. Two Harrodsburg residents were injured in the collision on U.S. 150 near the Cedar Creek Lake dam.

The fatality was the first traffic death recorded on the new section of highway between Preachersville Road and Crab Orchard in the year it has been open.

Killed in the accident was Ferand W. Dillingham of 3370 Pine Grove Road, Crab Orchard, who apparently lost control of his car and skidded across the center line and struck a car driven by James E. Brooks, 41, of Harrodsburg. The accident occurred just east of Cedar Creek Dam, about six miles east of Stanford at 5:40 a.m.

Both Brooks and a passenger in his vehicle, Robin D. Brooks, 42, suffered multiple injuries and were transported by Stanford EMS to Fort Logan Hospital. Robin Brooks then was airlifted to U.K. Medical Center for further treatment.

According to the report by Kentucky State Police, the impact occurred at the driver door-of the Dillingham vehicle and the front of the Brooks auto in the westbound lane. The force of the impact killed Dillingham, who was pronounced dead at the scene.

The collision closed U.S. 150 for approximately two hours. State Trooper Clyde Bertram, investigated the accident along with the Lincoln County Coroner's office. Assisting at the scene were: Stanford EMS, East End Ambulance Service, Crab Orchard and District No. 1 Fire Department.

In his report, Bertram said speed was a contributing factor in the accident.

Dillingham was the husband of April Dillingham, and was the son of Dennis W. and Edith Joann Blevins Dillingham of Crab Orchard.

Mr. Dillingham was the grandson of Fred Dillingham of Mt. Vernon and Jack Blevins of Crab Orchard.

ing matching the description. It was not until this week that the Fraziers, having given up hope that their horse had only wandered off and would return, reported it missing to authorities who quickly matched it with the horse on the Phillip Duff farm in the Red Lick section of Madison County where they had recovered the first two horses.
