Reduced cost mammograms available at Rockcastle Hospital During October

An estimated 211,300 new cases of invasive breast cancer occur annually in the United States, and about 40,000 American women die every year from the disease.
These sobering statistics are one reason that Rockcastle Hospital and Respiratory Care Center, Inc. is offering mammograms at a reduced fee of \$65 during October, National Breast Cancer Awareness Month. The regular cost of a mammogram is \$110.00.
"We do this every year to remind women how important it is to have a mammogram and conduct breast self-exams," said Janice Mullins, R.T.
"Early detection is the key to survival."
The American Cancer Society has found that if breast cancer is caught in the early stages, there is a 97 percent survival rate. There are three steps women can take to detect breast cancer - self-exam, physician exam and mammograms.
Experts believe women between the ages of 20 and 39 should have a physician exam every three years and perform a self-exam every month. If a woman is 40 or older, she should be examined by a physician and have a mammogram every year in addition to conducting monthly self-exams.
Although most women who develop breast cancer have no risk factors, there are risk factors associated with the disease. They are:
- Having a family history of breast

On September 29th, these volunteers assisted in making quilts for Lane Deer Indian Reservation in Montana. Extension Homemakers across the state will be sponsoring programs through 2005 to benefit Lane Deer residents. Rockcastle County Extension Homemakers will be sponsoring another work day for quilts on October 28, from 9 a.m. to 2 p.m. Anyone is welcome to come to the Extension Office to assist in tying these quilts. Pictured from left are: Anna Looney, Marie Faulkner, Charlene Gentry and Diana Steinbricker; not pictured were Janice Hager and Joyce Mink.

PROCLAMATION
ARTS AND HUMANITIES MONTH
OCTOBER

To all whom these presents shall come:

WHEREAS arts and humanities education contributes powerful educational benefits to all elementary and secondary students including the following:

- arts and humanities education teaches sensitivity to history, culture, and other expressive qualities;
- arts and humanities education gives students a deeper understanding of multicultural values and beliefs;
- arts and humanities education enhances and brings to life what students learn in other subjects; and
- arts and humanities education introduces student learning in production, history, criticism, and aesthetics; and

WHEREAS these benefits of arts and humanities education form the basis of "World-Class Standards" developed by the U.S. Department of Education and the National Endowment for the Arts; and

WHEREAS our national leaders have acknowledged the necessity of including arts and humanities experiences in all students' education;

THHEREFORE, BE IT ENJOINED that support should be given to arts and humanities teachers as they attempt to strengthen arts and humanities education in their schools and communities;

NOW THEREFORE, I, Larry B. Hammons, Superintendent Rockcastle County Schools, proclaim that October be observed as ARTS AND HUMANITIES MONTH.

Done at Mt. Vernon, Kentucky, this 1st day of October, 2003.
