KELLY®

Staff Physician

Berea College is seeking an experienced physician whose clinical interest and expertise can be applied at one of the country's most unique colleges. Founded in 1855 as the first coeducational and interracial school in the South, Berea is noted for its distinctive place in higher education and its superior ranking among liberal arts colleges nationally. Berea's picturesque campus is located on a ridge in the Bluegrass Region of Central Kentucky, 30 miles south of Lexington.

We are seeking an experienced clinician to provide outpatient primary care across a diverse range of age, race, cultural, and national backgrounds for a campus population of 1,600 students, 600 staff and faculty, and their families. Reporting to the medical director of College Health Services, this position will be responsible for providing patient care in a traditional clinical setting.

Interested candidates should have the following: an M.D. or D.O. license in the State of Kentucky; a minimum of 2-5 years experience providing responsive and quality primary care to adults and children in a family practice or similar medical setting; a valid DEA license; ability to appropriately use standard medical equipment and instrumentation; ability to use standard computer and other practice administration equipment as well as electronic medical records software. Board certification in a primary care specialty is strongly preferred.

Please apply immediately by submitting a letter of interest and resume along with a completed Application to Join the College Staff available on line at <http://www.berea.edu/people-services/staff-positions>. Candidates should provide a list of three professional references who can attest to the clinical expertise of the applicant. Completed application packets should be mailed to the Office of People Services, CPO 2189, Berea, KY 40404 or faxed to 859-985-3911. Review of applications will begin on April 15.

Berea College, in light of its mission in the tradition of impartial love and social equality, welcomes all peoples of the earth to learn and work here. Employment decisions are based on training, education and experience related to the requirements of the job. All applicants for employment are considered without regard to race, color, religion, gender, sexual orientation, national origin, age or disability.
