Rimell Cemetery Notice

I, Judy Rimell Carl, am still the overseer of the Rimell Cemetery. I have been since my father, Cecil Rimell, passed away in January, 1982. From the time of my only brother's death in 1968, my father saw to it that the cemetery was kept up. He gathered a few donations and paid the rest himself. There has never been a charge for anyone to lay a loved one to rest in the cemetery. However, family lines of those who are not direct Rimell descendants are beginning to fill up. When your family line is full, there will be no further grave plots available. This is because direct Rimell descendants should have first choice. There are still children (myself for one), grandchildren and

great grandchildren of Cecil Rimell as well as those of his sisters' families who want to be buried there.

Don't raise a fuss at me over this article. I know who has helped since 1968 and how those who had hired were paid. The Bill Gene Sigmon family has been very helpful with the cemetery since dad passed away, including mowing it from the beginning of the mowing season through Memorial Day for many years. The Sigmons also set the fence over 10 feet several years ago and created their family line for their use. All who have faithfully helped with the cemetery through the years are greatly appreciated. However, I am well aware that there are many more with loved buried there that have never bothered to help with the upkeep at all. This includes many who never call about the cemetery until a family member dies and then still do not help with it after their family member is buried there and never even say thank you or make a donation.

That being said, if you wish to lay a loved one to rest at the Rimell Cemetery, contact me, Judy Carl at 606-308-3596. Also, I ask that you have the funeral director in charge of arrangements contact me before graves are dug. I have hired two caretakers who will be doing the mowing and weed-eating at the cemetery. Wear and tear on equipment and the high price of gas means donations are desperately needed. I am disabled, fighting breast cancer and on a fixed income. We can simply no longer afford to, nor do we feel that we should be expected to, bear the burden of taking care of the cemetery alone. There are many others with loved ones buried there who are as well, or in many cases better, able to help. If we do not get donations this year, then we will be forced to check into setting up a board of directors and charging the going price for most grave plots, plus upkeep. If you wish to avoid this, then please consider spending \$25 less on flowers and instead donate this money to help with the upkeep. This would greatly help much more so than flowers that soon fade and blow away.

Please mail donations to: Judy R. Carl, 2150 Hwy. 934, Somerset, Ky. 42503-5263.

I will submit another article at the end of the mowing season, noting the donation amounts and who gave. This will also include what the money was used for on the cemetery.
